Out-of-the-box solutions
are no longer enough.

Today's need of the hour is to shorten application development cycles. With cloud computing and new technologies paving the way, our end-to-end development services help reduce the time-to-market by as much as 30%. Viderity helps you meet stiff deadlines, customer demand and need for innovation. Viderity software's team of full stack developers take care of end-to-end development of both the front and back end.

TECHNOLOGY CONSULTING

DevOps
Achieve resilience and agility leveraging our DevOps services

Platform Re-Engineering
Reviewing, recommend and redesign solutions to maximize the potential of your company's technology

Optimization

Adobe PhoneGap

Cloud Services

- **Cloud & SaaS Operations**
- **Cloud Infrastructure**
- **DevOps**
- **Cloud Consulting**
- **Cloud Development**

Technology Expertise

AWS

Amazon EC2 · Amazon Lambda · Amazon S3 · amazon KINESIS · amazon EMR · Amazon RDS · Amazon Redshift · elasticsearch

Azure

Blob · ML Studio · Data Factory · Azure Data Lake · Cosmos DB

Google Cloud Platform

Google BigQuery · App Engine · Google Cloud Bigtable · Google Dataflow · CLOUD MACHINE LEARNING ENGINE

Low Code Platform Services

- **4+ years** of Low Code Development
- **Mobile App and Hybrid App** Development
- **Certified** Low Code Developers
- Dedicated **Low Code R&D team** across Product Versions
- **Specialists in** Low Code Business Analysis and Technical Solution Architecture
- **Specialized** Low Code Test Suites (ATS, uphoriX etc.)

Platforms · **mx mendix** · **alpha Software®**

E-commerce Services

Consulting

External Platform Onboarding

eCommerce Portal Development

eCommerce Platform Maintenance

Platforms -   Spree Commerce   shopify   Magento

DevOps Services

- Assessment & Planning
- CI/CD Pipeline
- Pilot Framework Creation
- Process Automation
- Process Implementation
- Security Integration

Blockchain Services

- Smart Contract
- E2E Application & Database
- Solution Architecting
- QA / Testing

Tools & Framework -   Bitcoin   HYPERLEDGER FABRIC   SOLIDITY   C•   Ethereum

Domains

Banking & Financial Services   **Healthcare**   **eCommerce**   **Education**   **Technology**
