

Innovative Solutions in STEM-Related Program Management

About Viderity

At Viderity, we manage STEM programs that inspire innovation, recognize excellence, foster education, and drive technological advancement. With a focus on excellence, we deliver impactful events, cutting-edge technology solutions, and strategic communications.

Our Mission

To empower organizations through exceptional STEM program management, ensuring every project achieves its fullest potential.

Our Vision

To be the premier choice for organizations seeking expert management of their STEM initiatives.

Our STEM-Related Program Services

Program Management

- Comprehensive management of STEM-related programs from conception to completion.
- Detailed planning, execution, and evaluation to ensure program success.

Events

- Expert planning and management of STEM-related events, including conferences, workshops, and competitions.
- Seamless logistics, engaging content, and memorable experiences.

Technology

- Innovative technology solutions to enhance program delivery and engagement.
- Integration of the latest tools and platforms and custom web applications to support your goals.

Communications

- Strategic communication services to amplify your message and reach your audience.
- Public relations, marketing, and outreach tailored to your program needs.

VIDERITY

STRATEGIC, CREATIVE, TECHNICAL

Introduction

Viderity delivers program management, creative services, and IT support dedicated to advancing STEM topics and initiatives. Our team comprises skilled professionals who collaborate across the domains of science, technology, engineering, and mathematics. This expertise enhances efficiency and elevates program quality, benefiting both our clients and the broader STEM community.

Excellence Awards in Science and Engineering (EASE) Program

Viderity manages and executes the Excellence Awards in Science and Engineering (EASE) program, which recognizes and awards K-12 educators (PAEMST) and mentors (PAESMEM). We provide operations and technical support, administered by the U.S. National Science Foundation and on behalf of the White House Office of Science and Technology Policy (OSTP). This includes providing communications, analytics, IT, and event planning services to highlight these STEM educator leaders' contributions to our national prosperity and educational success.

“

Viderity has continued to demonstrate excellence in their support of the U.S. National Science Foundation Presidential Awards for Excellence. Viderity has maintained a record of delivering high quality products and services that have met or exceeded NSF's requirements this year as well as reach programmatic goals

”

COR for the NSF EASE Program
