SynDaver (synthetic cadaver)

Cyndi, our SynDaver (synthetic cadaver), and our knowledgeable staff will help to answer your questions about the human body, how it works, and how to keep a healthy SynDaver features complete and functional muscular, skeletal, circulatory, respiratory, gastrointestinal, and endocrine systems - all made from materials that look, feel, and respond just like live tissue. These hour-long experiences explore different systems of the body through a series of experiments and dissections.

What we do:
Participants will view our SynDaver up close as they explore the look, feel, and location of features within the human body! Students then rotate through a series of hands-on stations where they'll diagnose patients, observe real organs, and learn about the functions of major body systems.

- SynDaver: \$750
- Additional Program: \$225

Choose from one of the following themes:

- Digestive System Lab
- Cardiovascular Lab

Add on a dissection (additional hour needed):
• Dissection: \$200 per class (covers cost of supplies)

Cyndi the SynDaver is presented by **HIGHMARK**

The MEGA Brain

Da Vinci Science Center STEAM Team educators travel with The MEGA Brain to events across the Lehigh Valley and deliver hands-on science programs for curious minds of all ages. This 12-foot wide-through inflatable brain is sure to add some unforgettable neuroscience to any event. Book an event for your school, scout or youth group, or community organization.

What we do:
Participants enter through the frontal lobe, which is responsible for personality and higher cognitive functions, and exit through the cerebellum, the portion of the brain that controls balance and coordination. Along the way, they learn about:

- Stroke, addiction, and other common brain conditions
- How to keep your brain healthy
- The latest medical treatments for brain trauma and disease

Participants will also explore hands-on animal brain dissections led by STEAM Team educators.

- The MEGA Brain: \$750 (2 hours)
- Additional Hours: \$100 (per 15-minute slot)

The MEGA Brain is presented by **St. Luke's University Health Network**

Payment Policy

- Purchase Orders are acceptable in advance only and will not be accepted on the day of the program.
- Final payments are not accepted on the day of the program.
- All final payments should be made two weeks in advance of the first program date.

Travel Fee Policy

A travel fee will be applied to all programs held at locations more than 10 miles rounding from the Da Vinci Science Center.

51-75 miles round trip	\$50
76-100 miles round trip	\$75
101-125 miles round trip	\$100

*Round-trip only for programs further than 125 miles round trip.
*Round-trip only for programs further than 125 miles round trip.

- Bosch Research ASD Outreach Programs

Helpful Hints for Booking

- We do our best to accommodate all requests. However, we recommend booking at least one month in advance to ensure program availability.
- Outreach educators will arrive:

 - 15-20 minutes prior to designated program start time for Classroom Programs.
 - 45 minutes prior to designated program start time for Science Shows.
 - 90-120 minutes prior to designated program start time for Community Programs and Science Celebrations.

- Please remember to allow time for clean up when booking.
- Billing through PayPal is available upon request.

Make a Reservation

Choose from one of three easy ways to make a reservation.

DA VINCI SCIENCE CENTER®

Traveling Science Programs

2019-2020 School Year
Programs presented by The Da Vinci Science Center STEAM Team.

Ideal for Schools, Youth Groups, and Community Events!

Teacher Rewards Program
Join the FREE Da Vinci Science Center Teacher Rewards program and enjoy these great benefits:

- Special offers on field trips and educational programs delivered through the teacher rewards email newsletter
- Save \$20 on a Da Vinci Science Center membership
- Discounted admission tickets for your family when you present your Teacher Rewards card at the Welcome Center
- Save 10% on purchases in the gift shop with your Teacher Rewards card
- Updates on professional development opportunities

Because the Da Vinci Science Center is a member of the DaSales University Partners in Education Program, participants in the Teacher Rewards Program receive graduate tuition at a discounted rate in the DaSales University department of education.
